MD. MOSHAROF HOSSAIN

MERN Stack Web Developer

Address: Dhaka, Bangladesh | **Phone:** +880 1930 184182 | **Email:** mosharofrumy@gmail.com,
Portfolio: GitHub: https://github.com/mosharofrumy | **LinkedIn:** https://www.linkedin.com/in/hmmosharof/

PROFESSIONAL SUMMARY

MERN Stack Web Developer with hands-on project experience in building responsive web applications using JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, and MongoDB. Familiar with REST API development, authentication, database integration, and modern frontend development practices. Brings additional professional experience in business operations, documentation, reporting, banking processes, and software management since 2018. A fast learner with an AI-enhanced development mindset, focused on building practical, user-friendly, and scalable web solutions.

TECHNICAL SKILLS

- **Frontend:** JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, JWT Authentication
- **Database:** MongoDB, MongoDB Atlas
- **Authentication:** Google Authentication, Better Auth
- **Development Approach:** AI-Enhanced Development, Problem Solving

PROJECTS

SocialCare – Social Development Events Platform, Live Link: | Client GitHub: | Server GitHub

Next.js, TypeScript, Node.js, Express.js, MongoDB

- Developed a full-stack social development platform with separate frontend and backend architecture.
- Implemented authentication and Google social login integration.
- Developed backend APIs using Node.js, Express.js, and TypeScript.
- Integrated MongoDB for database management.

Bazar Dor – Digital Market Price Platform, Live Link: | Client GitHub: | Server GitHub

Next.js, TypeScript, MongoDB, Tailwind CSS, Better Auth

- Built a responsive platform to display local market product prices.
- Integrated external APIs to retrieve product and market price data.
- Implemented product filtering, sorting, and price comparison sections.
- Integrated user authentication with Better Auth and MongoDB.
